

**Public Infrastructure  
Technical Working Group  
(PI TWG)**

Presentation for the Adaptation Advisory Group  
September 23, 2008

**Focus of the PI TWG: Adapting  
Alaska's built environment and  
transportation infrastructure to the  
physical impacts of climate change.**

<ol style="list-style-type: none"> <li>1. Highways, Roads and Bridges</li> <li>2. Airports, Landing Strips, and Air Transportation</li> <li>3. Buildings</li> <li>4. Sea Walls and River Shoreline Protection</li> <li>5. Utility and Fuel Infrastructure</li> <li>6. Landfills</li> </ol>	<ol style="list-style-type: none"> <li>7. Sewage and Septic Systems</li> <li>8. Water Systems</li> <li>9. Ocean Transportation</li> <li>10. Rural Non-Road Ground Transportation</li> <li>11. River Transportation</li> <li>12. National Defense Infrastructure</li> </ol>
