

Alaska Climate Change Strategy Natural Systems Adaptation Technical Working Group

Teleconference

Friday, November 14, 2008, 1:00-3:00 p.m. (Alaska time)

Dial-In: 1-800-315-6338, enter code 6794#

Objectives

- Finalize NS Adaptation Catalog, Part II (list of options)
- Review & discuss results of initial ballot on adaptation options in Catalog
- Discuss status of research and monitoring list – next steps
- Discuss status of Part I of Catalog – next steps
- Future steps & schedule

Agenda

1:00 Introductions

1:05 Adaptation Advisory Group, November 7 – Key points from AAG discussion that can inform the Natural System TWG's recommendations

- Commercial fishing, tourism, subsistence

1:15 Review Catalog (Part II) & Initial Balloting results

- Additional changes to Catalog (Part II)?
- Discussion of adaptation options that were ranked highest in initial balloting – does that suite of options represent the recommendations of the TWG, or are adjustments required?

2:20 Research and Monitoring List – Status & Next Steps

- List content
- Prioritization?

2:40 Catalog – Part I

- Additional content or edits needed?

2:50 Next Steps

- Schedule late November or early December TWG meeting – prepare for December AAG meeting
- Keep December 15 TWG meeting (1:00-3:00 p.m.) on schedule to report on results of AAG meeting?
- Future tasks / schedule
 - Following AAG response at December meeting, in-depth analysis and write-up of priority NS adaptation options
 - January 12, 1:00-3:00 p.m., NS TWG meeting

- February 6 AAG meeting – Anchorage / TWG meeting this week in Anchorage
- Complete recommendations (analysis papers) to submit to AAG
