

RESEARCH WORKTABLE: List the research needs that you see.

Type in your name:

<p>Describe Your Research Proposal (Give a simple topic sentence)</p>	<p>State what is the scope of this research need (e.g., geography, species, systems, etc.). Give very brief bullets or narrative.</p>	<p>Time frame, length, or 'cycles' needed (i.e., give a perspective on needed duration).</p>	<p>How urgent is this over a 15-year time horizon? Low = 1 Slight = 2 Moderate = 3 Somewhat = 4 High = 5</p>	<p>Reasoning for this being a priority research topic (brief 'one-liner' narrative)</p>

If you need to rows, here is how you do that. Place your cursor in the row, above. Then use the following click path: Table → Insert → Rows Below
