

A banner image for the Alaska Climate Change Strategy. It features a landscape with rugged, snow-capped mountains under a clear blue sky. The text "Alaska Climate Change Strategy" is overlaid in a dark, serif font. In the bottom right corner of the banner, there is a small credit: "Photo: J. Hardisty".

# Alaska Climate Change Strategy

## Transportation and Land Use TWG Teleconference Meeting #3

July 31, 2008 10:00am - 12noon

Governor's Climate Change Sub-Cabinet  
Center for Climate Strategies

# Today's Agenda

- Roll call
- Review and approval of TWG Call #2 summary
- Feedback from the MAG on the catalog
- Next steps for TWG
- Emission inventory and forecast
- Approach for identifying priorities
- Public input and announcements
- Next call

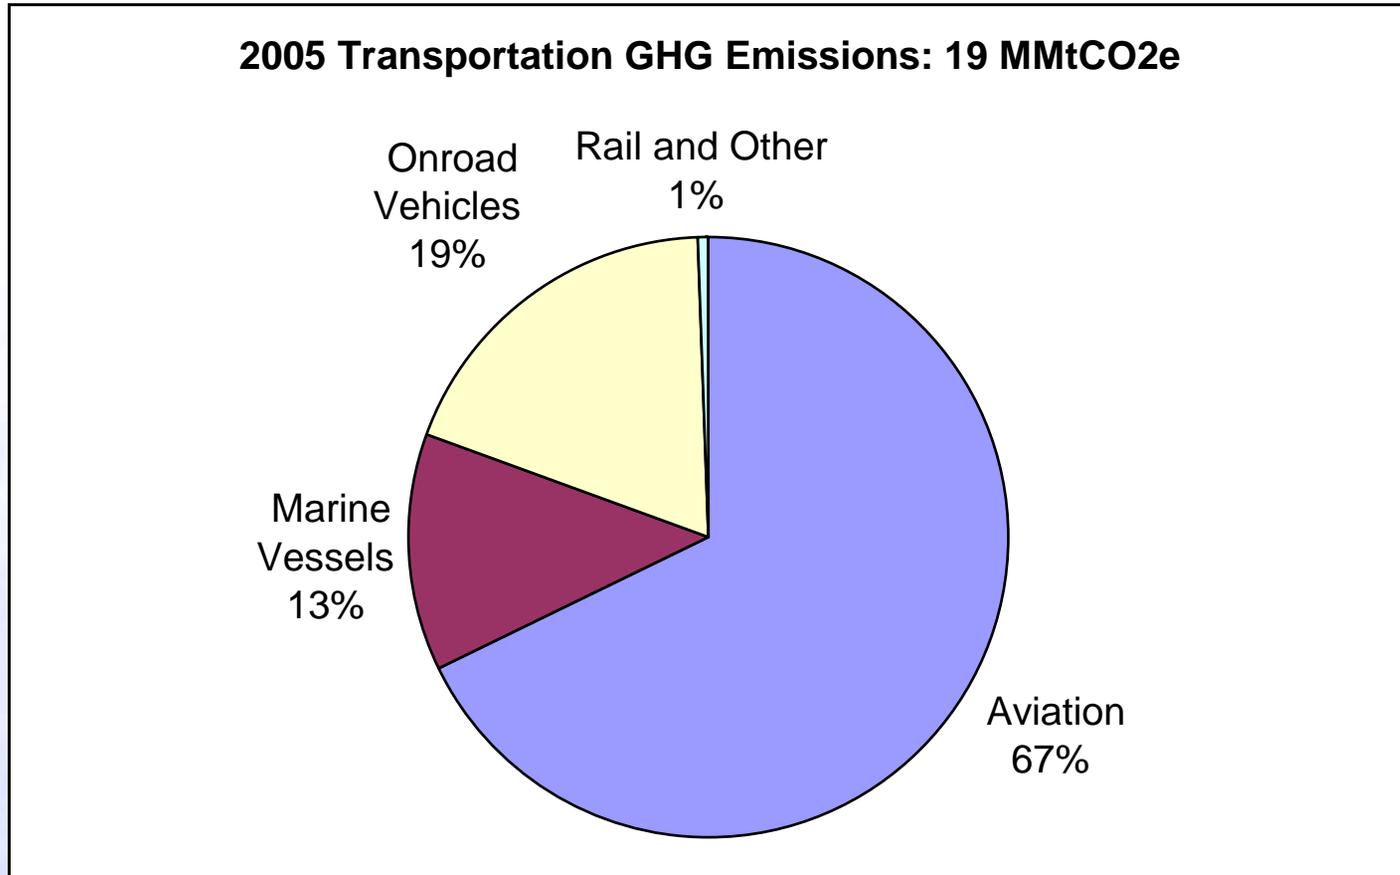

# Feedback from the MAG on the Catalog

- MAG suggested adding the following:
  - Promotion of engine block heaters
  - Airport operational changes
  - Cruise industry outreach
  - Commuter rail
- MAG suggested minor revisions, incl.:
  - More attention to on-road vehicle fleets and recreational vehicles
  - Attention to personal aircraft and watercraft
- Consent to proceed with catalog

# Next Steps For TWG

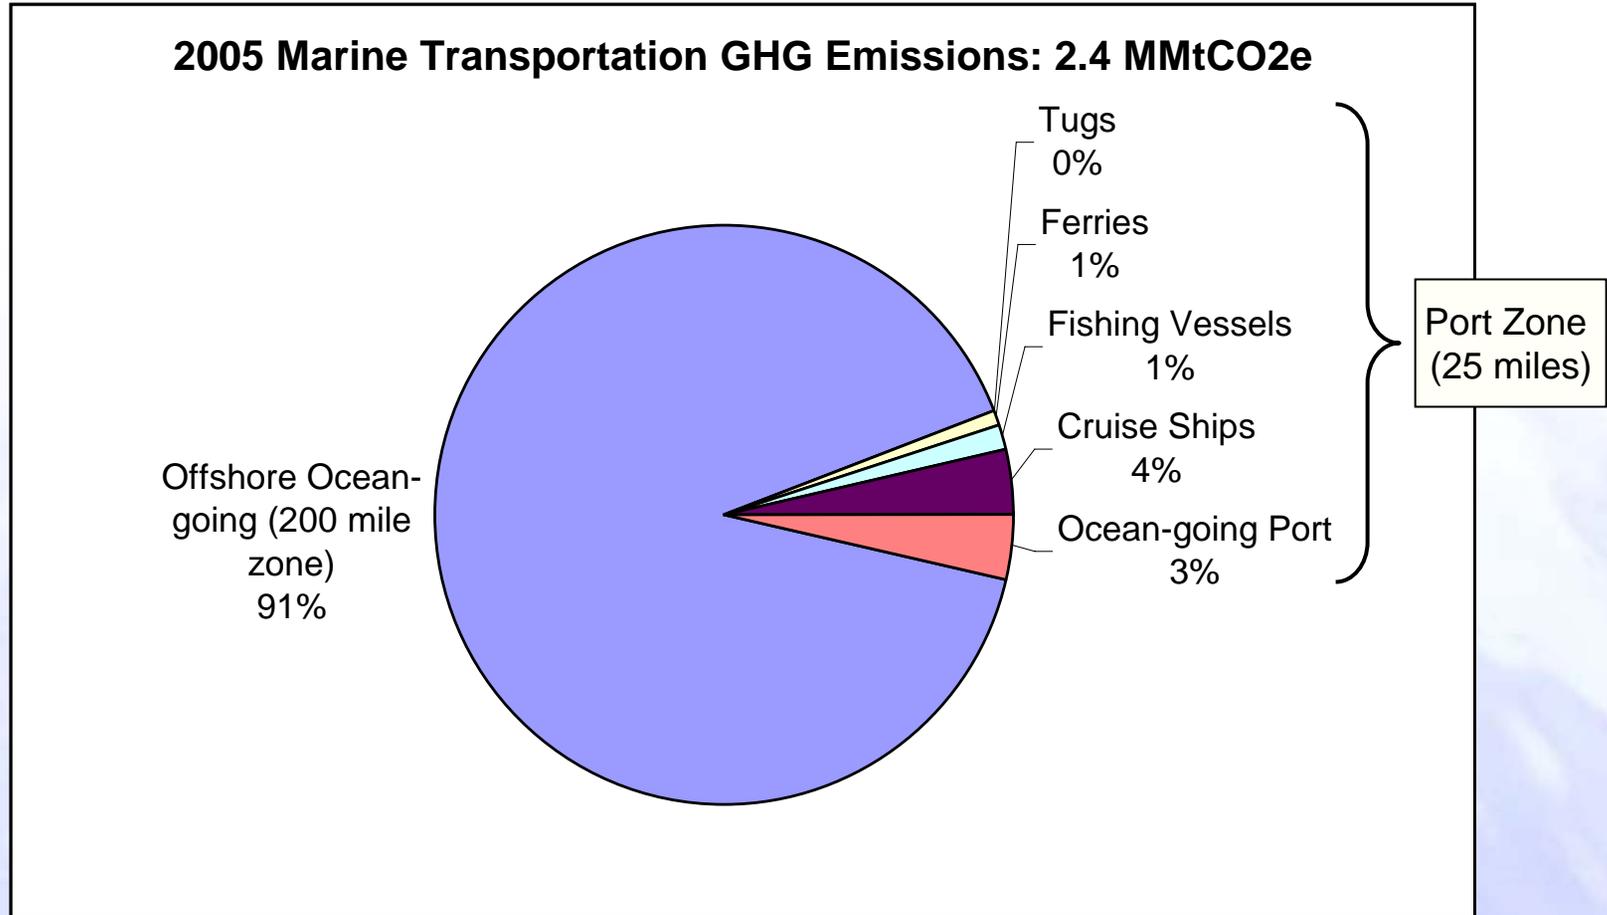

1. Develop inventory and forecast of emissions
2. Identify a full range of possible actions ✓
3. Identify initial priorities for analysis
4. Develop straw proposals
5. Quantify GHG reductions and costs/savings
6. Evaluate externalities, feasibility issues
7. Develop alternatives to address barriers
8. Aggregate results
9. Iterate to final agreements
10. Finalize and report recommendations

# Draft GHG Emissions Inventory & Forecast

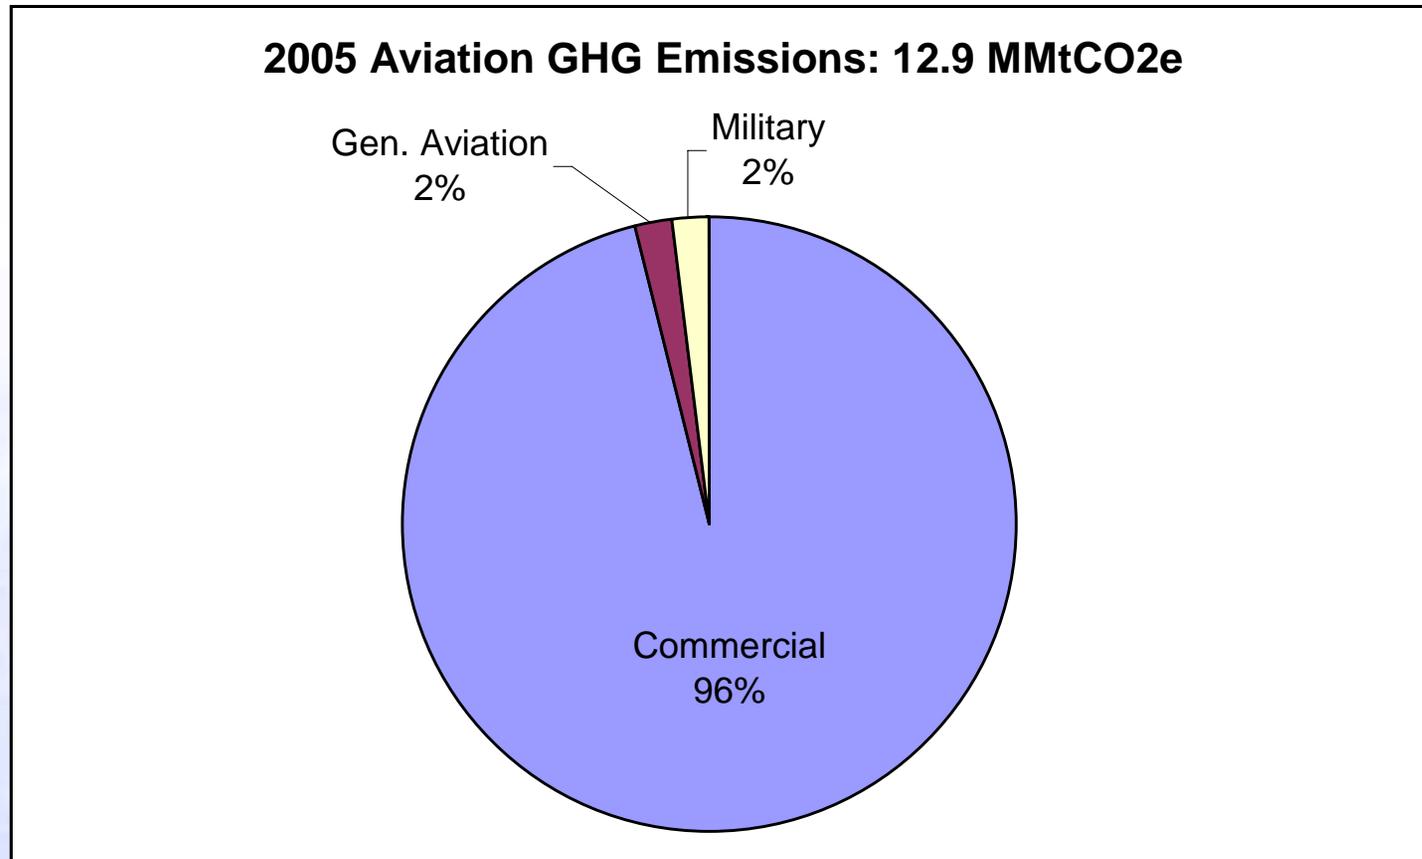

•2005-2020: Share of on-road and marine increases slightly; aviation falls

# Draft GHG Emissions Inventory & Forecast

# Draft GHG Emissions Inventory & Forecast

# Identifying Priorities for Analysis

- Goal is to choose top 10 options that the TWG will then be asked to develop further
  - Design objectives, timing, implementation strategies
  - Related programs and policies in place
  - Quantification of estimated emission reductions and costs
  - Uncertainties, feasibility issues, additional benefits and costs
- To be accomplished through TWG voting plus discussion

# Identifying Priorities for Analysis, cont.

- TWG identifies a preliminary set of priority options for further analysis by voting process (via email, week of Aug 4-8)
  - Ballot sent by CCS to TWG members,
  - Each TWG member identifies a number of priority options, adds comments as needed (for example, with regard to possible consolidation of policies, rationale for priorities, etc.)
- CCS compiles results for discussion at next TWG call (late Aug)

# Public Input and Announcements

# Next TWG Call

- Agenda
  - Discussion of selection of priority options
  - Further review of the emission inventory and forecast
- Date/time for Call #4:
  - Week of August 25-29?
